Dear Parent/Carer

Science Drop-in

Dr Armstrong (Head of Science) will be holding a monthly drop in (first come, first served) on Monday 6th January between 4.30 and 5.30pm to discuss any comments, compliments or concerns. Following a successful trial last year, we intend to continue to offer this on the first Monday of every month that we are in school. On 6th January, we will be in ICT1 – please ask the receptionist to direct you on arrival.

You may be aware that Mr McShane is undertaking the roll of acting depute and therefore will not be teaching physics. The Science timetable has been rejigged to ensure that almost all periods of S3 to S6 physics will be taught by one of our other physics teachers (Miss Dick or Dr.Oates) with the remaining periods of mainly S1 and S2 being taught by a science qualified supply teacher. There has also been some minor rearrangement to accommodate the arrival of our new permanent Chemistry teacher in just over a week.

If you have any comments, compliments or concerns about the timetable change or any other aspect of your child's experience in Science then please do come along. I will be available to give advice, take notes and give further information.

Dr. G Armstrong
