\* Indicates an S6 only option

- Advanced Higher should only be chosen if tracking performance indicates at least a B grade at Higher. Numbers in these classes are limited.
- Classes will not run unless they have sufficient pupil uptake – please see course choice policy for details.
- Some classes may be run as composite classes (single class containing more than one level) depending on pupil uptake.
- Many N5 options will be timetabled with S4 classes. Those with \*\* will be S5/6 only classes.
- Most Foundation Apprenticeships are only available to S5s and those in S6 who took the option last session (spaces are very limited). The FAs in Business Skills is also available as a one-year option. The FAs in Scientific Technologies and Financial Services are one-year options only.
